NOTE FOR: Deputy Director for Intelligence

SUBJECT: Intelligence Producers Council

Bob:

The only word change I made on the IPC memo is in paragraph 4. If you want to make any changes to John's recommendation on staffing, we can change the wording of the covering memo. In fact, since John McMahon's memo never reached Bill, you may prefer not to cite it as a reference. At this point, my interest is in seeing that the SRP and IPC memos go forward as a package, albeit separately.
